

Sidway has carriage for children.
Fine Whiskey at W. B. Taylor & Co.
Antonia Genella, an old citizen of Vicksburg, died last week.

Henry S. Fouts, Jr., is a candidate for Mayor of Canton, Miss.
Vicksburg has received a cotton bloom from Louisiana very early.

There are 22,000 head of Texas cattle at Obolens, Kansas, going North.
Commence at once to put up your fruit for winter use. Delays are dangerous.

Dr. C. A. Foster has been appointed Mayor of Vicksburg, vice Webster removed.
When you start North and East, be sure you ask for tickets via the "Free Line."

Chicago advertisers for a base ball club that can't beat the Chicago "picked nine".
To dry your fruit this year, be sure you get a "Fruit Drying House" from Bustamante.

Capt. Robt. Joselyn, of Texas, is spending a few days with his old friends here in Jackson.
During a difficulty at Terry last Sunday night, between two negroes, one was killed, the other was arrested and held for trial.

El Mahone, Jr., who killed a negro some three years ago near Edwards' Depot, in this county, has been indicted for murder.
We regret to learn that Sheriff Cohen, of Rankin, is confined to his bed in a most critical condition, and no hopes are entertained of his recovery.

We are indebted to Mr. Henry Moore, of Memphis, for files of Baltimore papers containing the proceedings of the International Typographical Union.

Kimball, Raymond & Co., have been removed from the office of Public Printers and Messrs. Holt, Alcorn and H. T. Fisher appointed as their successors.

A negro woman with her child was killed on the premises of Mr. Jacob Shaw one night last week by the house in which they were staying being blown down during a storm.

Lorance, who killed Mr. England at Brownsville, was indicted for murder by the Grand Jury at Raymond this week. The prisoner was conveyed to Jackson for safe keeping.

A debating question—who is the Superintendent of Education in Hinds county? Tucker says he is, and the State School Board, the authorized appointing power, say he is not. Who is right?

A new board of Aldermen have been appointed for North Ward, Jos. Duncan, A. S. Kimball; South Ward, Jas. R. Yerger, A. T. Fisher; West Ward, H. H. Hiltzheim, Thos. Anderson, (col.). Mayor Clinton is retained.

In our notice of the "Jail Delivery" in our last issue, the name of Mr. Bell should have been substituted for Dr. Horn, and further that the Messrs. Spengler and Bell had requested of the Board with a distinct understanding that the matter of allowance for jail repairs would not be brought up until the next meeting; but the matter was immediately called up and passed.

The Annual Commencement Ball, complimentary to the Graduating Class, University of Mississippi, is announced for Thursday evening, 24th inst. The managers have so notified us, with their accustomed politeness.

The Water Valley Agricultural and Mechanical Association has fixed on the third Monday in October as the time for commencing its next annual Fair. Steps were taken to attach the Association, as auxiliary, to State Association.

OUR AGENT AT DURANT.—John Riley, Esq., has kindly consented to represent THE CLARION at Durant, as agent. Persons in that vicinity desiring to subscribe are requested to send their orders through him. Mr. Riley has our thanks for several favors recently received.

EDUCATIONAL.—Attention is called to the opening of Examinations and Closing Exercises of Mississippi College, at Clinton. They present an intellectual and musical treat richly worth a visit to our neighboring village. Prof. Gathright delivers the address to the Literary Societies on the morning of the 27th.

Mrs. J. W. Shaw has rented her elegant residence on State street to Attorney-General Morris; and Mrs. Shaw will hereafter reside with her mother in New Orleans. Herself is desiring to subscribe to the paper for that city to-night. We are sorry to lose them from Jackson, and hope the change is not to be permanent.

WHAT OUR FRIENDS CAN DO.—Wm. S. Rollins, Esq., of Louisville, Miss., has favored us with a check of sixteen dollars for our campaign, all in Winston county. Our terms are one dollar for THE WEEKLY CLARION, and two dollars for the SEMI-WEEKLY issue until the end of the year. A little effort on the part of one or two friends in each county will add several thousand new names to our list within the next two months.

WHISKY.—W. B. Taylor & Co. don't wait for people to injure their health by indulging in villainous poison, and so have lately ordered and just received a lot of fine "old Bourbon" whiskey, which they desire to sell all who desire, whether as a "regular drink" or "just a little for the stomach's sake." It is superior for medicinal purposes. All the best brands and full proof whiskeys are kept for sale.

PENSACOLA & VICKSBURG RAILROAD. Capt. W. R. Spears of Vicksburg, is in town on way to Pensacola, to confer with the route of contemplated Pensacola and Vicksburg Railroad, to solicit subscriptions to stock in land, etc. Capt. Spears informs us that engineers are already engaged in locating the route and the result of their labors will be made known at an early day. We bespeak for Capt. Spears a kind reception at the hands of our friends in South-east Mississippi. He will address the people of Crystal Springs to-morrow night in the interest of the road.

JUST IN TIME.—Our friend, Capt. G. D. Bustamante, of Vicksburg, calls to the necessities of our Farmers and Mechanics invites attention to day his celebrated Burdick Hay and Oat Cutter, decidedly the best machine of the kind ever invented and which has the endorsement of parties who have been acquainted and using other feed cutters for the last thirty years. Capt. Bustamante was the first to introduce the Burdick Cutter to Mississippi and we are glad to see that he is meeting with such success as to order one hundred machines in the last few days. He will deliver them, freight prepaid, either from Jackson or Aberdeen. Capt. Bustamante is also prepared to furnish the celebrated Brooks Wrought Iron Press.

BROWN'S WELLS.—Col. Wm. A. Stockton, proprietor of this delightful summer resort, has a card in today's paper which interests several classes of invalids.—These waters have effected radical cures in hundreds of cases. The Wells are pleasantly located in Copiah county, five miles from Marshallville Station.

Death of Mrs. Kells.

Our community was both pained and shocked yesterday evening by the intelligence that Mrs. MARY M. KELLS, the estimable wife of our fellow-citizen, Dr. Robt. Kells, had died at the late past o'clock. This sad announcement has caused intense and profound sorrow. Mrs. Kells was only taken sick on Saturday last, and until the announcement of her death was made. Her disease was congestion of the brain.

Mrs. Kells will be sadly missed, not only by her bereaved husband and her devoted father, but by the entire community, and by many others who knew her only to love her. They will read this notice with feelings of sorrow which overcome us as we attempt to pen a notice of her death.

The deceased was the only child of Dr. M. W. Phillips, now of Memphis, but who came to her beside a few hours before her departure. Never was father more devoted to child, and never was that devotion more lavishly rewarded.

Mrs. Kells was born in this city for many years. She was universally beloved. She was among the first in every good and appropriate word. To care for the needy and to relieve the distressed was always to her a labor of love and duty. The beauties of the Christian character embellished her life, and were manifest in her walk and conversation. She was a devout member of the Baptist church, a sincere and earnest Christian.

The 25th Anniversary of the reign of Pope Pius IX. has been celebrated in this city today by the Catholic congregation. To-day marks an era in the history of Rome. All good Catholics throughout the world have to-day attested their veneration and adhesion to the great head of the church. Jackson is not behind the rest, and Father Fichere's flock turned out this morning in procession, imposing, grand and beautiful, to the number of about three hundred, marched through the principal streets for an hour or more and returned to the church, where Bishop Wm. Henry Elder delivered an address of congratulation at the preservation of the Holy Pontiff through so many years of trial and turmoil, and instruction as to the duty of the church. We regret that the lateness of the hour prevents our giving a synopsis of his remarks.

Of the procession, as before stated, it presented an imposing spectacle, including all ages, men, women and children, from the light little girl of four years to the aged mother of sixty—from the small boy who could scarcely undergo the fatigue, to the father whose hair was silvered and his steps bent and weary with the weight of years. The Jackson Brass Band made music for the chief march with Messrs. McO'Brien, Tony Spengler, and Mr. Cummings as Assistants. At the head of the procession was carried a large crucifix, and the different societies of the church carried banners in the following order:

The flag of the Holy Father, Pius IX, colors white and orange.
Next came the children of the congregation, bearing a banner inscribed "Long Live Pius IX." Following was a banner bearing the coat of arms and date of election of the Pope, "June 16th, 1871." Then came the ladies of the congregation, with their banner, inscribed "Immaculate Conception, St. Dec. 1854." Following were the gentlemen of the congregation and the St. Aloysius Society, and at the end of the procession walked Mr. McLaughlin, carrying a handsome blue silk banner, bearing a handsome portrait of the Holy Father, the Pope, inscribed "Vatican Council, 8th Dec. 1869." Immediately following this banner walked Bishop Elder and Father Richter, accompanied by a guard of honor from the St. Aloysius Society.

THE AMERICAN FRUIT DRYING HOUSE. The attention of our Planters and Fruit Growers is invited to the advertisement of this valuable apparatus by Capt. G. D. Bustamante in today's paper. That there is an advantage in drying fruit, has been known for centuries, but no one will dispute, but the cost and trouble of doing so by the usual process has deterred many from giving the matter their attention, heretofore, preferring to feed the fruit to their hogs. The American Fruit Drying House supplies a necessary want, a machine which dries fruit effectively and expeditiously, in all kinds of weather, at a comparative very small cost. Every family should have one of these houses. To parties wishing to invest in a paying patent invention is invited to this splendid opportunity. Communications addressed to Capt. G. D. Bustamante, Jackson, Miss., will receive prompt attention.

JAIL DELIVERY.—We learn that a jail delivery occurred at Raymond on Saturday night last, by which two negroes, awaiting trial for theft, made their escape. We learn further that at that place, where the Board of Supervisors, held two weeks ago an allowance of \$1,500 was granted for putting this same jail in thorough repair. Messrs. Spengler and Horne of the Board, and Sheriff Lake strenuously opposed the allowance on the ground that the repairs were not needed, but were voted over to Saturday night's work is the sequel. Whether or not the members of the Board making the allowance were interested parties we have not learned. Ned Hill, the colored Postmaster at Raymond and embryo Sheriff, is on the board.

H. DUDLEY COLEMAN.—The name of this gentleman has become a synonym for machinery useful to the planter. Who has not heard of Coleman's Corn Mill? Mr. Coleman does not manufacture Cotton Gins, but he is agent for the latest and greatest triumph in that kind of machinery, to-wit: the American Needle Cotton Gin and Condenser. See his advertisement of said Gin in another column, and send to him for a circular.

REYNOLDS' COTTON PRESSES AND HORSE POWERS.—We are invited to the attention of our planters and mechanics by the advertisement of Mr. W. H. Reynolds, Esq., New Orleans, who is now ready to fill orders for his Revolving Wrought Iron Screw Cotton Press. Mr. Reynolds' presses and horse-powers are claimed to be unsurpassed for strength, durability and simplicity. They are made expressly for cotton ginning, corn mills, and other plantation work. Send to Mr. Reynolds for price list. We hope Mr. Reynolds will let our planters see his press at the State Fair to be held in October.

A. F. HARRIS, from the firm of Moore & Lague, of New Orleans, calls to the attention of our Farmers and Mechanics, and says they have every thing in the best machine of the kind ever invented and which has the endorsement of parties who have been acquainted and using other feed cutters for the last thirty years. Capt. Bustamante was the first to introduce the Burdick Cutter to Mississippi and we are glad to see that he is meeting with such success as to order one hundred machines in the last few days. He will deliver them, freight prepaid, either from Jackson or Aberdeen. Capt. Bustamante is also prepared to furnish the celebrated Brooks Wrought Iron Press.

COTTON ADVANCING.—The telegrams from the cotton maris for the last several days give evidence of an advance in the price of cotton. The maris and the part of cotton buyers and manufacturers regarding the prospects for a large yield of the growing cotton crop, as is shown by the tendency of the steady step, upwards, and the soundness of the present crop, are all favorable. We believe the reaction in February and March, 1871, when from thirty to thirty-five cents, and it went to twenty eight and thirty early in April—Columbus (Ga.) Sun.

Correspondence.

The undersigned committee from the Senior Class, appreciating the value of your Baccalaureate Sermon delivered on the 4th, inst., do respectfully solicit a copy of the same for publication.
J. W. THOMPSON,
C. S. MCKENZIE,
CORNELIUS MILLER.

REPLY.
UNIVERSITY OF MISSISSIPPI,
June 24th, 1871.
Messrs. J. W. Thompson, C. S. McKenzie, Cornelius Miller, Committee of Senior Class, GENTLEMEN:

Your esteemed note of 8th inst. is before me, in which you request, in terms of fraternal appreciation, a copy of my Baccalaureate Sermon of the 4th inst. for publication. I accept for yourselves and convey to the class you represent, the expression of my warmest thanks for the interest you have taken in the discourse preserved in more permanent form. Allow me, however, to add that for the purpose of the Senior Class, I respectfully decline submitting the manuscript for publication. It is enough for me to know that my labors efforts on the occasion referred to, is acceptable to a class peculiarly endeared to me; and should the fruits of the sermon be of any benefit in your hearts, and become the basis of your "rule of faith and practice" I shall hold myself abundantly rewarded.

Very sincerely your friend,
J. W. N. WADDELL.

UNIVERSITY OF MISSISSIPPI,
CHANCELLOR'S OFFICE,
June 17th, 1871.

Editors Clarion.—I am authorized by the authorities of the Mobile & Ohio R. R., of the Vicksburg & Meridian R. R., and the Mississippi & Tennessee R. R., to say that they will pass all visitors to and from Oxford who wish to attend the Commencement Exercises from 25th to 29th June, for half fare, on the usual conditions.

Respectfully,
J. W. N. WADDELL.

Exchanges are requested to copy or notice above.

Annual Meeting State Council Friends of Temperance.
OFFICE OF THE PRESIDENT,
Oxyka, June 5, 1871.

The next meeting of the State Council Friends of Temperance, will be held with Council No. 4, at Hazlehurst, Miss. In their hall, beginning on the 1st Tuesday in July. Subordinate Councils are urged to send forward their legal delegation.

Christians are cordially invited to co-operate with the "Friends" in waging war against the "insidious influence" of dram-drinking, as an auxiliary to church membership and in diffusing a healthy and moral atmosphere in every village of our State—preparing the minds and hearts of the young especially, and of the old for the "way of salvation"—"all our paths are paths of peace." Faith, Temperance and Charity OUR SHIELD.

Charters, Rituals and all information furnished upon an application for a new Council, signed by eight good citizens.

CHAS. H. ALLEN,
41 Pres't State Council, Oxyka, Miss.

Information reached us yesterday that a negro man, name not known, was killed in Natchez county, six miles north of the town of Natchez, on the 10th inst. It appears that one of the negroes who were with him had taken the wife of the party killed, and it is surmised that the killing was done to perfect his title to the woman. Call out the troops—West Point Clarion.

THE FASTEST TRAIN IN THE WORLD. The new express train from Plymouth to London will probably be the fastest train in the world. In the part of its journey which it covers the Bristol and Exeter and Great Western Railways. Leaving Exeter at 10 a.m., it is timed to reach Paddington at 2.45, including a stoppage of five minutes at Bristol, and the time to London is only five minutes at Swindon, the journey of 194 miles will occupy four hours and a quarter. The Irish mail, hitherto considered the fastest train, occupies five hours and five minutes between London and Holyhead, being at the rate of only thirty miles in four hours and a quarter. The fastest train on the Great Northern line, the London and York, occupies three hours and seven minutes, but the Great Western accelerated express will run from London to Plymouth in only five minutes more time than the new up express.

Mr. Greeley's reference, in his Natchez Standard, to a "negro" who had been arrested on a warrant charging him with misappropriation of money, he obtained bail and left the city last night.

ANNOUNCEMENTS.
FEES FOR ANNOUNCING CANDIDATES.
For District, \$15.00
County, 10.00
City or Town, 5.00
Under no circumstances will any announcement be made in THE CLARION unless paid for before insertion.

For Sheriff, Hinds County.
We are authorized to announce THOS. A. MELLON as a candidate for Sheriff of Hinds county at the ensuing election.
Subject to nomination by the Democratic or Conservative Convention.

FOR DISTRICT ATTORNEY.
EIGHTH JUDICIAL DISTRICT.
We are authorized to announce W. S. BATES, of Chickasaw, as a candidate for District Attorney of the Eighth Judicial District, composed of the counties of Pontotoc, Chickasaw, Choctaw and Chickasaw.

NEW ADVERTISEMENTS.
COTTON PRESSES AND HORSE POWERS.
"Reynolds" Revolving wrought Iron Screw Cotton Press.
Is an improvement on the most popular Screw Presses and is pronounced to be the most complete, durable and easy working Press now on the market. The great weight and pressure applied acts directly, it gives a healthy and permanent impetus to every enfeebled function. Digestion is facilitated, the faltering circulation regulated, the blood reinforced with a new accession of the alimentary principles, the nervous system, and the dormant powers of the system roused into healthy action; not spasmodically, but administered, but for a continuance. It is in this way that such extraordinary changes are wrought in the condition of the feeble, and cured of nervous invalids by the use of this wonderful corrective, alterative and tonic. Let common sense decide between such a preparation and a prostrating cathartic supplemented by a poisonous astringent like strychnine or quinine.

THE DIFFERENCE.
"I accept nothing,"—Jeff. Davis' Speech at Atlanta.
I accept everything.—Grant's course since he has been President.

Crops in East Mississippi.
[From the South Sea Spectator.]
We have made much enquiry the past week about the crops in different portions of the State, and have been told that without a dissenting voice, that the grain is getting the upper hand of the workers to the southward, and the crops are generally better than they were a year or two ago. In many instances, farmers have reported of getting ahead of the season, and have plowed up and replanted the ground, but this is not the case everywhere.

THE YELLOW SULPHUR SPRING.
Is 13 miles from Big Tunnel Station, from which point guests reach the Springs by light-railway, owned by the Proprietor. The Springs are situated on a level of 1,000 feet above the sea, and are a fine grade road to the Spring. The waters are deemed a specific for Dyspepsia. For remarkable cases of cure see descriptive Pamphlet. They are located on the banks of the Roanoke River, amidst the loamy scenery, beautiful and extensive grounds, covered with shade trees, and extending to the banks of the river, with picturesque views of the surrounding country.

THE IMPROVEMENTS.
Are extensive, and since the last season, have been largely increased. A splendid Band, with all the usual attractions for amusement, will be in attendance.
C. A. COLHOUN & CO.

THE DEATH OF VALLANDIGHAM.

How it Happened—His Sufferings—His Conversation with Friends—His Afflicting Death Scene—His Unhappy Wife.

CINCINNATI, June 17.—Mr. Vallandigham on the evening of the 16th, was preparing an argument in defense of Mr. McLean, on trial at Dayton for the murder of Myers. In illustrating some point in the involved testimony, Vallandigham took the loaded one of two pistols, lying on the table. Thinking the pistol empty, he fired a ball into his own hand. The course of the ball could not be traced. It entered the right side and ranged downward. Several distinguished physicians are attending him.

CINCINNATI, June 17, 2 a.m.—The latest from Lebanon says that Mr. Vallandigham's hands and feet are growing cold. He vomits often, but throws up no blood. Dr. Drake says he is sinking fast. His pulse is still rising.

A special to the Gazette dated 2 p.m. Dr. Reeves says that Mr. Vallandigham's hands and feet are growing cold. He vomits often, but throws up no blood. Dr. Drake says he is sinking fast. His pulse is still rising.

A special to the Gazette dated 2 p.m. Dr. Reeves says that Mr. Vallandigham's hands and feet are growing cold. He vomits often, but throws up no blood. Dr. Drake says he is sinking fast. His pulse is still rising.

CINCINNATI, June 17.—Mr. Vallandigham died ten minutes before ten o'clock this morning. The cause of death was a gunshot wound of the hand. Mr. Vallandigham's hands and feet are growing cold. He vomits often, but throws up no blood. Dr. Drake says he is sinking fast. His pulse is still rising.
